Coaches and Teachers that sponsor each of these activities

The Game Day magazine is intended to be a memorable keepsake for the participants, family and friends to remember their THS years.

Families and Friends: Purchase a personal ad in the Timberland Football Magazine. The magazine will be available at home games and will serve as a special memory for many years. We can help you with layout ideas or you may send in your own. These ads help defer the costs of our football program while recognizing all of the home game participants who play an important part in the Timberland Football tradition..

Business advertisements are also available for any business to advertise and promote community involvement.
